

ABOUT VENTECH

Ventech (Aus) Pty Ltd is one of Melbourne most reliable manufacturers of air grilles and diffusers and is looking to expand our operations and venture into the HVAC ductwork manufacturing industry. At Ventech, we take pride in serving customers of all sizes and providing exceptional quality and efficiency. Our primary goal is to provide our clients with the supply of high-quality ductwork and associated products, on time and at competitive costs.

Why Choose Ventech

- **Great Prices – Great Quality – Great Service**

We are constantly searching for better ways to improve the performance of our products. Our advantage is in our people and the technology and processes they have available to them. This results in a high-quality duct, short lead times and competitive pricing for our customers.

- **Tailored Solutions**

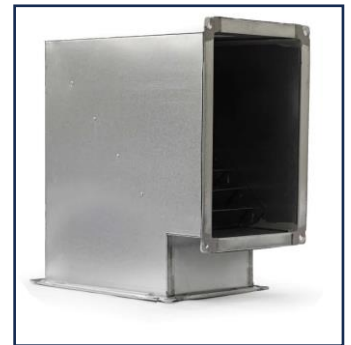

We specialize in designing custom-make ductwork, loose part that meet your specific requirements. Our dedicated design teams ensures that all industry standards will be met.

- **Communicating**

Our customers are important to us. At Ventech, we understand that communication with customers is vital to delivering their ductwork efficiently, so we ensure regular contact is maintained throughout the project to complete the job successfully.

Square Bend

Product	Radius Bend
Material	Galvanized Steel, Stainless Steel
Thickness	0.6/0.8/1.0/1.2mm
Angle	Make to order
Duct Connector	QuickCorner TDF
Insulation	Make to order

Radius Bend

Product	Radius Bend
Material	Galvanized Steel, Stainless Steel
Thickness	0.6/0.8/1.0/1.2mm
Angle	Make to order
Duct Connector	QuickCorner TDF
Insulation	Make to order

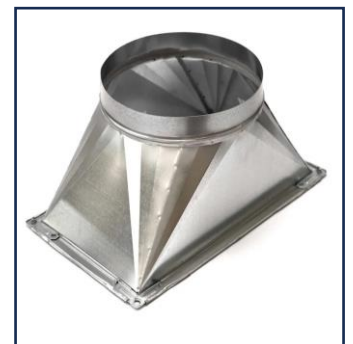

Transition

Product	Transition – Taper Pieces
Material	Galvanized Steel, Stainless Steel
Thickness	0.6/0.8/1.0/1.2mm
Duct Connector	QuickCorner TDF
Insulation	Make to order

Square to Round

Product	Square to Round
Material	Galvanized Steel, Stainless Steel
Thickness	0.6/0.8/1.0/1.2mm
Duct Connector	QuickCorner TDF
Insulation	Make to order

SOLID DUCTWORK

Straight

Product	Straight Rectangular Duct
Material	Galvanized Steel, Stainless Steel
Thickness	0.6/0.8/1.0/1.2mm
Duct Connector	QuickCorner TDF
Insulation	Make to order

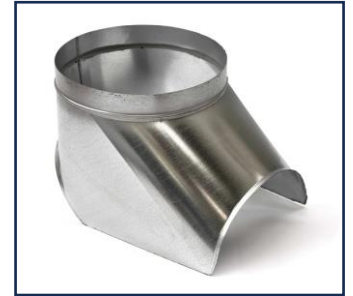

Tee Shape

Product	Tee Shape Fittings
Material	Galvanized Steel, Stainless Steel
Thickness	0.6/0.8/1.0/1.2mm
Insulation	Make to order

Shoes-Branch Take Off

Product	Shoes/Boots
Material	Galvanized Steel, Stainless Steel
Thickness	0.6/0.8/1.0/1.2mm

Reducer

Product	Reducer – Round/Oval
Material	Galvanized Steel, Stainless Steel
Thickness	0.6/0.8/1.0/1.2mm

Flexible Connector

Product	Flexible Connector
Material	Galvanized Steel – Vinyl Fabric
